Tool Differentiation

Unparalleled Collaborative Experience

Today's workflows are about going beyond communicating to collaborating. SMART has spent 30 years designing hardware and software solutions that work together to create interactive environments.

Multiple users, tools and colors at the same time

Simultaneous Tool Differentiation frees multiple colleagues to write, erase and move notes at the same time. **Object awareness™** detection automatically makes pens write, fingers move and palms erase.

Write and save notes directly into applications

SMART Ink® software lets teams write over videos and into **PDFs**, **Microsoft Office®** files and websites, then save notes in almost any file type. Convert notes to text and access spotlight, magnifier and screen shade tools.

Built to use. Built to last.

Durable and commercial-grade, SMART Board Pro displays have received many safety, regulatory and environmental certifications, giving you peace of mind that they adhere to government or other regulatory requirements.

-  **4K Ultra HD resolution**
-  **Accelerated Life Testing**
-  **LED rated for 50,000 hours**
-  **Fully heat-tempered, anti-glare glass**
-  **Silktouch™ frictionless surface**

Do More in Your Workspaces

Together with **SMART collaboration software** and **flexible computing options**, SMART Board Pro displays enable limitless collaboration.

SMART collaboration software is designed to give teams endless ways to brainstorm, innovate and share content.

SMART TeamWorks™ software

With one-touch meeting launch, a connected whiteboard, wireless screen sharing and PDF summaries, SMART TeamWorks is your end-to-end collaboration solution.

SMART Meeting Pro® software

Capture ideas in the Unbound Workspace that expands as colleagues add images, files, links and notes – even over multiple displays and meetings.

Flexible computing options put everything teams need to seamlessly access and transition through a variety of content in one place.

iQ Android™ experience

iQ provides teams one-touch access to collaboration tools including a whiteboard, web browser, apps library and native, wireless screen sharing

Windows® experience

Give your team access to Microsoft Office files and all their applications on a full Windows 10 Pro computer right at the display.
